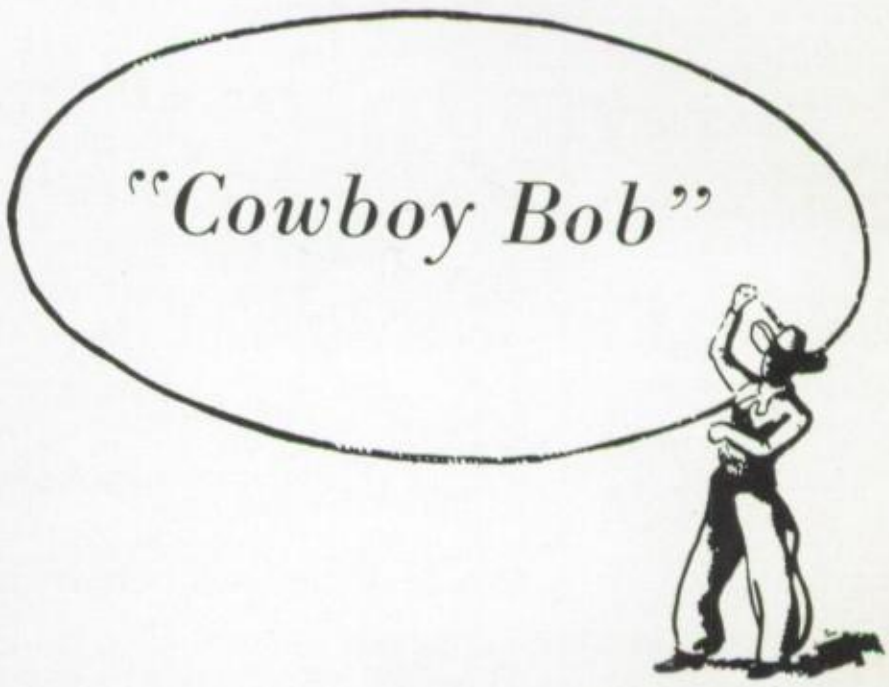
Foreword

Recorded in the 1968 WARRIOR are the events of the year--the tenseness of a free shot; the fight song; a pass on the first down; the student bus; a half-time show; Kennedy Field silent now, but knowing the sound of a roaring crowd, a band; the desire to win, the joy of belonging; a time of study, of comprehension; a chemistry experiment; a research paper; the wisdom of understanding; the reward of knowledge; the challenge of the future--all these memories and many more of "that wonderful year" are recorded in this book which we now give to you.

Miss Patsy Van Winkle
Warrior Editor

Dedication



It is with great pleasure and honor that we of the annual staff dedicate this, the 1968 Warrior, to Mr. Bob Elder. When he joined the faculty at Alvarado in 1965, he immediately became popular with both students and faculty. Since that time, he has given unselfishly of his time and energy, contributing much to the students of A.H.S. in both personal and intellectual ways.

In addition to his classes, Mr. Elder has served as Beta Club sponsor for three years and class sponsor for two years. This year he served as coach for both the football and basketball "B" Teams.

We, as well as the entire student body would like to take this opportunity to thank him for his devotion and sincere interest in the students and activities of Alvarado High School.

In Memory of

DAVID DWAYNE JOHNSTON, was taken from this world on Thanksgiving Day, November 23, 1967, at the early age of seven in a hunting accident. Those whose lives touched his will remember him always with warmth and deep affection.

KEITH WAYNE SCOTT, friend of everyone and loved by all, died on August 18, 1967, at the age of 16, of injuries received from a football accident. His life, though short as it was, will continue to inspire and guide our lives and days at A.H.S.

MRS. MARY ANN COOK, beloved substitute teacher for Alvarado High School met with death on September 22, 1967. She was an asset to our school and community and is missed by both the students and the aculty.

Administration

and

Faculty

School Board

To our school board, we again say thank you for the guidance you have given and the interest you have displayed in wanting to make our schools standout above all.

We sincerely appreciate the time and effort which these citizens have given, so that we may continue to grow in the wealth of knowledge that is required to have a better community and nation.

Mr. John Percifield, Miss Julianan Cowden, Mr. Charles Head, Mr. Billy Glen Walker, Rev. G.C. McGlothin, Mr. Hansel Walters, Mr. Calvin Mahanay, Mr. J.C. Smith.

"Anyone who in his early years was not forced to earn his living, at least in part, is badly handicapped. Anyone who has the priceless privilege of working because he had to, and not as a game, has begun to achieve the integration of himself with society."

---Dwight Eisenhower

WORK means the exertion of strength, or faculties, or both to accomplish something. One of the most important things for us to learn to do is learn to WORK. Regardless of your occupation or profession, if you are to be a success, you must learn to WORK. Nothing is ever accomplished without WORK, either your WORK or someone else's. If you benefit from the WORK that is done, then it should be your WORK. If you want knowledge, you must WORK for it; if freedom, you must WORK for it; if pleasure, you must WORK for it. All worthwhile things come through WORK. When you learn to enjoy your WORK, then and only then can your life be a happy one.
